

## Walton Girls Sixth Form Induction

### BTEC National Extended Certificate/Diploma in Health and Social Care.

During the summer you need to **choose at least one** out of the three tasks below to complete. You will be expected to hand these tasks in on **4<sup>th</sup> September 2018**. Please ensure they clearly have **your name on** and where appropriate are computer processed and of course are **well presented**.

#### Task One

##### Equality, Diversity and Rights in Health and Social Care

Understanding the above terms is essential to professional practice in the Health and Social Care sector. Professionals such as nurses, doctors, physiotherapists, social workers and teachers will all need to have a sound knowledge of each of the terms below and be able to implement them in their practice.

Your task is to research the meaning of each word and explain it in a Health and Social Care context, giving a real life example if possible.

**equality, equity, diversity, rights, opportunity, difference, overt discrimination, covert discrimination, stereotyping, labelling, prejudice, disadvantage, beliefs, values, vulnerability, abuse, empowerment, independence, interdependence, racism, sexism, homophobia**

#### Task Two

We will also be researching Human Lifespan Development. Can you carry out some research on the Nature-Nurture debate and write up your research. You need to consider the following points:

- key principles
- biological programming
- the effects of experiences versus heredity
- maturation theory

#### Task Three

When working with young children you will often be involved in story and song times. Carry out some research and produce an anthology of at least 10 songs/rhymes to use with young children. To make your anthology stand out from others you can develop resources to support your anthology e.g. A small sheep and three miniature bags of wool to use as props when singing Baa Baa Black Sheep. Use your imagination and creativity to liven up your songs/rhymes. The more colourful and practical your anthology is the better it will be.

#### Good Luck
