

March 2019

Dear Parent / Carer

**Walton's Ofsted Inspection – February 2019**

As you are aware, this week we had a Section 8 Ofsted Inspection at Walton. This type of inspection does not come with a judgement but is to check that strong progress is being made towards any areas identified during the last full inspection.

On the day, all students were exemplary, both in their behaviour and in their attitude to learning.

We are extremely pleased with the outcome of this inspection and we would like to take this opportunity to thank all parents / carers for your support; and all the very positive feedback that was received on the day by the HMI.

When we receive the full written report, we will provide feedback in more detail to you.

Yours sincerely

Mr W Teece  
Head of School

Mrs C Saxelby  
Principal
