ICT	<p>Yr7 and Yr8: https://hourofcode.com/uk/learn Work through the programming challenges by following the tutorials. You can pick the challenges.</p>
Music	Work will be available in your Teams area
PA	Please refer to your Performing Arts Year group Teams page and complete the lesson by following the correct W/c PPT.
Food	<p>https://www.foodafactoflife.org.uk/11-14-years/activity-packs/food-life-skills/ Work through the modules and PPTs .</p>
Art	Yr7 and 8 – Make an A4 sized drawing of a food or drink wrapper for example; a crisp packet, a can, a milk carton ... Use pencil shading, showing a range of tones, ranging from light through to very dark.
Graphics	<p>Year 7 Graphics-Training shoe design Training shoe design. For our next project we will be designing and making a prototype 3D Training shoe design, you must produce a 6 slide research power-point presentation on training shoes. This should include, slide 1- The History of the training shoe in sport, athletics, running, tennis, Adidas, Nike etc. Next slide 2-How they have become a fashion accessory thanks to Hip Hop music and street culture. Next slide 3- Investigate different shoe brands and logos, Sketchers, K Swiss, Puma. Next slide 4-The development of training shoes including new innovative designs and new technologies ie, glow in the dark, cushioned air soles, Velcro, self-tying etc.</p>

	<p>The PPT should include at least one slide-slide 5- With 10 images of training shoes presented like a collage, and one slide-slide 6-Where you show an image of your favourite shoe and explain why it is your favourite and what aspects of it appeal to you. If you want to add more slides and images like Fashion images then this is fine-you could add links to web pages or insert video clips of famous singers wearing the shoes or famous sporting stars like Usain Bolt. If you do not have power-point you can do your work on word documents.</p> <p>Next do 2 observational drawings of a real training shoe. First draw a training shoe using a pencil, with tonal shading with light areas and dark areas to create contrast, add as much detail as you can including creases and folds. Next do a colour study using colouring pencils matching the colours accurately.</p>
French	Work will be set in Teams
