

Summer work for new Year 12 2022

Art works don't just have to be made on white pieces of paper or flat canvases. Unusual, connecting surfaces can add to the tactile qualities of a piece of work. Your summer task is to –

- Produce a piece of art work on whatever subject matter you want
- It must be on an unusual surface and the choice of surface needs to link with your subject matter e.g. Images of a holiday on travel tickets, an artwork about erosion/decay on a piece of old drift wood
- It can be 2 or 3d and whatever size you want and in whatever materials
- Look at the slides for ideas and use Pinterest and artist's work
- Have an accompanying page showing your ideas, sources, doodles, written thoughts – this can all be quite sketchy and spontaneous
- If you need to borrow/ use materials, just ask
- Your 1st project will connect to this, please bring to 1st lesson in September

RELAX AND ENJOY!!!!!!

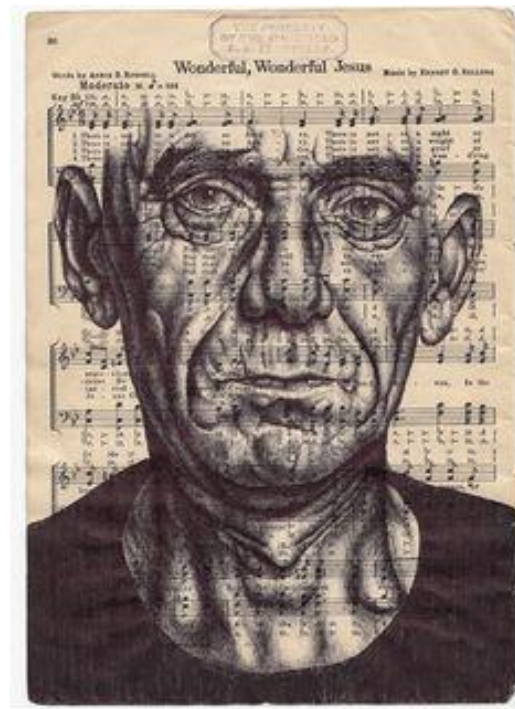

On fabric

On newspaper

On music sheets

On an object

On a receipt

On old furniture

On foil

On envelopes

On train tickets

On old cardboard

On a board game
