Read the sway document, click on links to videos and watch as many as you can. Perhaps read one of the books recommended on the Sway document or watch one of the linked documentaries.

You then need to complete at least two of the three Open University modules; the links can be doing in the Sway. You will need to register with Open University, using an email address to create an account to access the courses. Once completed, please email your certificates of completion to Miss Sandell.

Many thanks

Miss Sandell
