

Pupil premium strategy statement – Walton Academy

This statement details our school’s use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	825 (inc. 6 th Form)
Proportion (%) of pupil premium eligible pupils	40.48%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2024 – 2025 2025 – 2026 2026 – 2027
Date this statement was published	December 2025
Date on which it will be reviewed	November 2026
Statement authorised by	Jessica Leonard, Principal
Pupil premium lead	Lori Owen, Assistant Principal (Outcomes)
Governor / Trustee lead	

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 334,100
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£ 334,100

Data Headlines 2024 - 2025

	Disadvantaged	Non-disadvantaged
Progress 8	NA	NA
Attainment 8	37.5	44.01
English and Maths 4+	44%	61%
English and Maths 5+	23%	30%

Part A: Pupil premium strategy plan

Statement of intent

All students, irrespective of their background deserve to make good progress during their time in secondary education. Challenges that some of our disadvantaged students face should not be a barrier to them gaining the qualifications which they are capable of and will enable them to take their next steps.

The aim of our Pupil Premium (PP) strategy is to maximise the progress of all disadvantaged students, those who require support to engage with our curriculum through overcoming specific learning needs, to mitigate a poor attitude to learning or poor attendance and also those who are already achieving well. There is no limit to our aspirations for all students in terms of what they can achieve, what their next steps are or who they can become.

All students will be supported by activities outlined in this strategy plan, including those who are in receipt of the PP funding. This includes those who are in receipt of free school meals (FSM), looked after children, those who have caring responsibilities at home, those with social services interventions, and children who have parents who have, or are serving in our Armed Forces. All prior attainments will benefit from the activities set out within.

First wave, quality teaching is at the heart of good progress for all students and a strong focus of our strategy is to ensure high-quality teaching is delivered in the most appropriate areas to support our most disadvantaged students. The approach will be reviewed on a regular basis using diagnostic assessment to pinpoint the most common challenges along with individual needs.

Parental engagement has a positive impact on the attainment and progress of students, it is crucial to involve parents to avoid widening attainment gaps. The relationship between home and school plays a pivotal role in the holistic development of secondary school students. A strong and positive connection between parents, carers and schools creates a supportive environment that fosters effective communication, collaboration and shared goals. When parents and schools work together it contributes to the social and emotional development and also builds a sense of community and consistency which reinforces the importance of education both at home and in school.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Over recent years internal and external diagnostic assessment has shown that our students arrive in year 7 below the national averages for maths and literacy. 2024 Sat results show 25.4% of our students are below the expected age-related ability in reading, maths and grammar, punctuation and spelling.
2	Reading and literacy ensure full access to all aspects of education. Assessments and observation of our disadvantaged KS3 students show lower levels of comprehension which impacts their ability to access the full curriculum.
3	Internal assessments show, some students have various knowledge gaps in the core subjects of English, maths and science.
4	Low attendance in school impacts on students' ability to access the full curriculum.
5	Through observation and discussion with our students and their families, we have found that lack of resources, equipment and uniform is a challenge for some disadvantaged students when accessing the full curriculum. For example, those students who may not be able to provide ingredients for DT lessons, art lessons are impacted for some where equipment is not accessible at home, food lessons are impacted when students are not able to provide ingredients, other students may not have an environment conducive to study at home.
6	There has been an increase in social and mental health issues. Cuts in mental health services means that students in crisis are not seen quickly enough by other services. This impacts their successful outcomes at all key stages
7	Through observation and discussion with our students and their families, we have found that access to the arts has dramatically reduced. Students, particularly those who are disadvantaged have missed out on exploring their emotions, expanding their imaginations and developing their own, unique voice through dance, drama, music and art.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment across the curriculum of our disadvantaged students when finishing KS4, with a focus on Ebacc subjects.	Our PP students to be in the top 10% P8 and A8 of schools of a similar context. 50% of our disadvantaged students to achieve grade 5+ in English and maths
Improved reading comprehension among disadvantaged students across KS3.	Star Reader results to show continued and sustained increase in reading ages.
Sustained improvement in well-being for all students including those who are disadvantaged.	Student voice results will show an improvement over the next 3 years.
Sustained improvement in attendance for all our students including those who are disadvantaged.	Attendance data shows a decrease in persistent absence and an increase in attendance figures.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 183,596

Activity	Evidence that supports this approach	Challenge number(s) addressed
CPD which supports Quality First Wave teaching	<p>*Please see CPD programme for fuller detail. Can include:</p> <ul style="list-style-type: none"> • Conference attendance (National Teaching, Pupil Premium Conferences, Pixl) • Training courses. Parental Engagement Courses. • Purchase of literature <p>Report here, here.</p>	1, 2, 3
Star Reader package	<p>Gives the ability to monitor reading ability through Key Stage 3 and put in early interventions where appropriate. Report here.</p>	1, 2
Specialist subject teachers in English, maths and science	<p>Making sure an effective teacher is in front of every class, and that every teacher is supported to keep improving, is especially important for socioeconomically disadvantaged pupils. Investing in high quality teaching should rightly be a top priority for Pupil Premium spending.</p> <p>Strategies to support this could include investing in professional development, training, support for early career teachers, and recruitment and retention. Report here.</p>	1, 2, 3

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 10,583

Activity	Evidence that supports this approach	Challenge number(s) addressed
Online tutoring	Support for students who are at risk of falling behind their peers. Report here .	1, 3
Interventions through Teaching Assistants, both inside and outside of the classroom	Report here , here and here .	1, 2, 3

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 139,956

Activity	Evidence that supports this approach	Challenge number(s) addressed
Uniform & Equipment support	The Impact of Parental Involvement, Parental Support and Family education on Pupil Achievements and Adjustment: A literature review. EEF Teaching and Learning Toolkit, Parental Engagement.	5, 7
NSB Programme	Breakfast programme supports a productive start to the day and encourages students to attend school.	4, 5
Attendance officer	Report here . <ul style="list-style-type: none"> • Ensures timely identification of absenteeism. • Supports students to come into school as much as possible. • Provides bespoke and personalised support to get students to attend. • Phone calls and contact with home via email and letters which encourage parental support of attendance. Here and here • Home visits to intervene where necessary. Here 	4
Budget for food department to provide ingredients.	Providing ingredients for food lessons is crucial for ensuring that all students, regardless of their socio-economic background, have equal opportunities to participate and learn. When schools supply the necessary ingredients, it removes financial barriers that might prevent disadvantaged students from fully engaging in these lessons. By leveling the playing field, we can help all students gain confidence and competence in the kitchen, promoting healthier lifestyles and greater self-sufficiency.	5
Reading books for year 6 transition into year 7. Schemes of work shared with faculties to reference the books chosen.	Through observation and discussion with our students. Once they started in year 7, they felt more connected to the school as they recognised aspects of the story which is being referenced in some lessons.	2
Pastoral & Behaviour mentor support	Universal behaviour systems are unlikely to meet the needs of all students and some need	6

	a more bespoke package. Behaviour mentors and pastoral mentors are employed to work with individual year groups. They build positive child/adult relationships to ensure all students have an adult with whom they are able to reflect and regulate with. Evidence here and here ,	
Arts coordinator	In order to fully utilise our theatre and Visual arts departments and ensure all students can benefit from the facilities on offer a coordinator and assistant have been put in place. This will increase coverage and opportunities for students to become involved in wider strategies around the arts. Evidence here and here .	7

Total budgeted cost: £ 334,100

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

	Whole school	Disadvantaged	Non-disadvantaged	National average (Dis)
Progress 8	-0.16	-0.37	-0.08	-0.57
Attainment 8	38.58	33.9	40.25	34.7

We are on target to meet our objectives for this year and, our Pupil Premium students continue to perform above the national average for Pupil Premium students. All of our Pupil Premium students from year 11 of 2024 have gone onto destinations of their choice.

Star Reader results show a closing of the gap in reading between our disadvantaged students and their peers.

Internal assessment data shows the attainment gap closing with each year that a student is with us.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
